BOARD OF REVE... 17 SEP 1923 ... DEPT. ... MADRAS

Sir,

I have the honour to report that I have received a telegram from the Collector of South Canara stating that 300 square miles of his district are to undergo Resurvey during the coming year 1924-25 and asking me to wire what Budget provision will be necessary on account of a Special staff for the revision of adangals. So far, no instructions on this matter have been received.

My appointment as Special Settlement Officer of South Kanara was, it is understood, made to facilitate one particular enquiry. The question of the control of a Special staff was not then considered.

I have the honour to request orders as to whether the Party is to do anything in this matter. If it has, instructions are further requested as to the method of working as between the Special staff and the survey that is to be adopted, and in fact as to whether there is to be a Special staff in the old sense at all.

4/ If a Special staff has to be organised and the survey are to go first as is to be expected, they may be asked to intimate the probable date on which they will be able to begin to supply records for check and for patta transfer enquiry and the estimated area per mensem for which they expect to be able to supply records afterwards.

I have the honour to be,

Sir,

Your most obedient servant,

H.K.Ramachandra Ayyar

In the budget for 24-25 provision has been made for the extension only for 11 months for Mudalagiri & Kankanam. If establishment is necessarily required in March 25, it can be managed by having a smaller estt. at the beginning of 1924-25

Mr. Priestley enquires whether there is to be any Spl. Staff in the old sense in S. Kanara and if so whether he has anything to do with it. If he has he requests instructions as to ~~the~~ the method of work to be adopted ie whether the Spl. Staff should precede or follow the resurvey. In Connection with the budget estimates for 1925-26 the Coll. of S Kanara recently stated that provision has to be made for a small staff for revision of adangals, but the question of the method of work of the Spl. Staff and its control was not then considered. Now that proposals for the resurvey of the old Kasaragode taluk have been submitted to Govt., the question whether Special Staff is required in that taluk has to be considered. Before coming to any decision on the above point, the Coll. of S Kanara ~~could be~~ may be

asked to offer his remarks on the S.Sec's letter and submit definite proposals for the Spl. Staff required in the Vizagapatam taluk in Consultation with the S.S.

Mr Priestley will have nothing to do with any spl staff in the J-Kamara Dt. He was specially deputed to J-Kamara to investigate the necessity for a resurvey. He may be informed accordingly. It will be enough if the Collr be asked to submit definite proposals in Dec.-next for employment of the staff from March 1924
